

INDUSTRIAL

BD 80/120 W BP 32" Battery Operated Scrubber Most powerful walk-behind scrubber

Kärcher's most powerful walk-behind scrubber.

The BD 80/120 W is Kärcher's largest walk behind scrubber/drier with a heavy duty design including pneumatic tires, heavy-duty squeegee, 23-gallon solution and 25-gallon recovery tanks to support continuous, heavy-duty cleaning of up to 3-hours. The BD 80/120 W features no-tool, easy access to brushes and batteries. Featuring Kärcher's patented Aqua-Mizer™ System, the BD 80/120W uses less water and detergent than competitive models for more economical cleaning of surfaces.

Sleek, Functional Design:

Improves sight lines for safer operation.

Long Run Times:

Aqua-Mizer extends times between refills by using the cleaning solution more efficiently.

Easy To Use:

Intuitive control panel reduces operator training.

Quick Maintenance:

Uncomplicated access to brushes and batteries without tools. Recovery tank is easily cleaned.

Convenient Utility Area:

For carrying cleaning accessories.

Rugged Design:

Extremely durable for industrial applications.

Intuitive control panel!

Easy access to brushes and batteries - no tools needed!

TECHNICAL DATA:

Part Numbers	1.005-284.0 - BR 80/120 W machine with squeegee only 9.840-734.0 - BR 80/120 W machine with 305 ah batteries 9.840-735.0 - BR 80/120 W machine with 335 ah batteries 9.840-736.0 - BR 80/120 W machine with 312 ah AGM batteries
Cleaning Path	32"
Squeegee Width	40"
Tank, Solution/Recovery	23/25 gallons
Max. Area Performance	28,800 sq. ft. per hour
Brush Rotation Speed	200 rpm
Brush Contact Pressure	0-150
Battery	36 V
Weight	375 lbs
Dimensions (L x W x H)	62" x 24" x 45"
