KM 70/20 C 28" Manual Sweeper Compact manual push sweeper with dust control

Superior sweeping performance in a compact manual push sweeper.

The Kärcher KM 70/20C manual push sweeper is constructed of durable, corrosion-free, impact resistant polycarbonate designed and time-tested for years of use. The KM 70/20C offers outstanding sweeping performance by utilizing windmill suction to pull in fine dust and then exhaust the contaminated air through a synthetic filter to trap the particulates and improve air quality. Additionally, the KM 70/20C is ideal for facilities maintenance and, when used consistently, will not only maintain or improve the exterior appearance of your building but also reduce the amount of vacuuming and floor scrubbing necessary to maintain the interior of your building.

Fast And Efficient:

Ideal for cleaning paths, halls, sidewalks and warehouses quickly and conveniently

Labor Savings:

The KM 70/20C cleans 5-times faster than manual sweeping alone resulting in reduced labor costs

Limited Slip Differential Drive System:

Provides power to both wheels resulting in consistent sweeping action even when turning left or right

Adjustable Side Broom:

Swings out of the way when not required for cleaning

Easy Adjusting Roller Brush:

Adjustable roller broom height with 5 different positions

Underthrow Sweeping:

Underthrow sweeping for easy handling, low dust levels and ease of operator use

Polycarbonate Frame:

Durable, corrosion-free and impact resistant yet light weight for optimum operator comfort and ease of storage

Adjustable Handle:

Ergonomically designed, adjustable handle for fatigue-free operator comfort

Space Saving Storage:

Folds completely flat for convenient storage

TECHNICAL DATA:

| | |
|--------------------------------|---|
| Part Number | 1.517-101.0 |
| Cleaning Path | 28" |
| Drive | Manual |
| Main Broom | 19" |
| Sweeping Method | Dustpan |
| Container Capacity | 11 gal (42 l) |
| Productivity (max theoretical) | 30,000 sq. ft per hour |
| Weight | 50.7 lbs (23 kg) |
| Dimensions | 51.2" x 30.14" x 40.7" (1300 x 765 x 1035 mm) |
