Puzzi 100

Powerful & Efficient Carpet Extractor

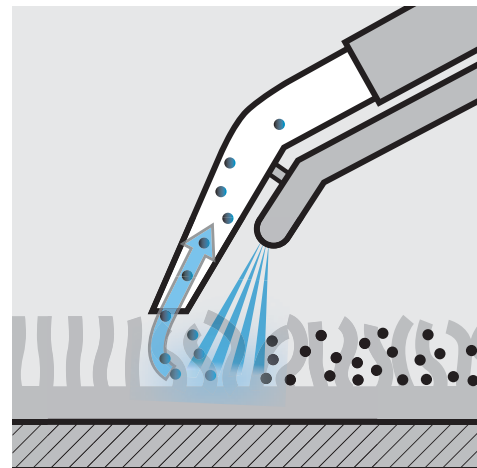

makes a difference

Puzzi 100

A powerful spray extraction unit designed for easy, efficient deep cleaning of carpets, upholstery and textile flooring. The Puzzi 100 is exceptional at many applications, with added features which make using the machine even quicker and easier.

1 Powerful Cleaning Solution

- With a powerful 14.5 psi spray rate, the water and detergent solution is applied to the area being cleaned and picked up immediately by the vacuum nozzle.
- Cleaned surfaces can be walked on almost right away as very little residual moisture remains. Carpets dry up to 63% faster than those cleaned with other comparable products.

Spray extraction method

With the spray extraction method, the water and cleaning agent are sprayed deep into the carpet while simultaneously vacuuming the used solution back again. Soil and dirt are removed in one single pass which helps carpets dry very quickly.

Puzzi 100

- Rubber cushioned pump / turbine module
- Detachable wastewater container
- Additional handle (adjustable) on the floor nozzle

Technical data

| | |
|------------------------------|---|
| Max. area performance | 215-270 ft ² /hr |
| Air flow rating | 114 cfm (54 l / sec) |
| Spray rate | .26 gallon / min (1 l / min) |
| Spray pressure/back pressure | 14.5 psi (1 bar) |
| Tank (fresh/dirty) | 2.6 gallon / 2.3 gallon (10 l / 9 l) |
| Power rating (fan/pump) | 1,250 W / 40 W |
| Vacuum motor | 1.7 hp (1,250 W) |
| Waterlift rating | 88" (220 mbar) |
| Weight | 22.7 lbs (10.3 kg) |
| Dimensions (L x W x H) | 26.2" x 12.6" x 17.1" (665 mm x 320 mm x 435 mm) |

Equipment

| | |
|---------------------------------------|-------------|
| Spray hose with integrated water feed | 98.5" |
| Hand tool | ■ |
| Order No. | 1.100-105.0 |

■ Included in delivery. * Varies depending on carpet fiber type or material being cleaned.
