

BR Vario II Cylindrical Brush Floor Machine

Compact, Powerful and Eco-friendly

Cutting-Edge Technology

Imagine an environmentally-preferred, compact, lightweight floor machine with 650 rpm of cleaning power. Even better, imagine a machine that utilizes cutting-edge cylindrical brush technology to tackle floor surfaces from tile and cement to paver bricks, raised rubber disc, quarry tile, and other challenging applications. Add a solution tank, collapsible handle, and contact pressure six times greater than that of a single disc machine and you have the BR Vario II, the latest in industry floor machine technology.

A unique feature of the BR Vario II is that it can strip and scrub without the normal slinging of water seen in traditional rotary floor machines. The BR Vario II provides unmatched speed and efficiency for large areas, while allowing close edge cleaning along walls and other obstacles. The BR Vario II's handle turns 90 degrees allowing the operator two-dimensional cleaning performance in all directions: left, right, forwards, and backwards.

Sustainability with Cylindrical Brush

Tornado's BR Vario II cylindrical brush machine is designed for environmental sustainability. The use of cylindrical brushes conserves natural resources including water, solution and source materials. This unit is perfect for use in any facility with porous, or uneven hard floor cleaning challenges such as hospitals, schools, resorts, restaurants, retail shops, and much more. Cylindrical brush technology delivers low moisture deep scrubbing through concentrated brush speeds of 650 RPM — over six times higher than the speed of comparable rotary brush automatic scrubbers, digging deeper into uneven flooring surfaces to remove dirt that a disc unit can't reach. Cylindrical brushes also provide 4-6 times more contact pressure than rotary brush scrubbing, handling any flat or structured floor surface with ease.

The BR Vario II Cylindrical Brush Floor Machine. A breakthrough cleaning alternative.

Key Features

- Increased contact pressure and 650 rpm
- Two cylindrical brushes penetrate cracks and crevices for deep-down cleaning
- Minimizes environmental waste, using less water and pads
- 16" compact design tackles hard-to-reach areas other machines can't
- Ergonomic handle including convenient transport wheel storage

Versatility

The BR Vario II can be used on any hard floor surface, penetrating hard-to-clean floors due to increased contact pressure. Doing an excellent job on vinyl tile, the unit also excels on rubber, ceramic, paver brick, and other architectural or porous flooring surfaces that standard floor machines struggle to clean. Simply add the appropriate brush or pad and clean any hard surface floor!

Cleaning System Applications

- Kitchens
- Locker Rooms/Athletic Facilities
- Garages
- Healthcare Facilities
- Restaurants
- Commercial Buildings
- Hotels
- Malls, and much more

Solution Tank

Less Environmental Waste!

Tackle Uneven Floor Surfaces.

Two Brushes

Two-dimensional cleaning

The handle of the BR Vario II can be unlocked, pivoted up to 90 degrees, and re-locked, allowing cleaning in all directions.

Convenient

The unit folds down for easy transport and storage.

New Transport Wheel Storage

Large non-marking wheels make transport easy. Wheels are conveniently stowed on the handle during cleaning.

Cylindrical brushes or pads

A variety of cylindrical brushes are available for high performance on structured flooring. The unit can be fitted with a unique roller shaft that accepts individual pads. Each pad can be changed if damaged without the need to replace an entire single pad.

| PRODUCT SPECIFICATIONS | |
|--|------------------|
| MODEL | BR VARIO II |
| CATALOG NUMBER | 97607 |
| CLEANING PATH | 16" |
| COUNTER ROTATING BRUSHES* | Two |
| BRUSH SPEED | 650 RPM |
| SOLUTION TANK | 2.4 gal. |
| OPERATING DIRECTION | 4-way |
| POWER** | 120V |
| WEIGHT | 58 lbs. |
| DIMENSIONS (WITHOUT HANDLE) | 20" X 19" X 6.7" |
| WARRANTY | |
| LABOR | 2 year |
| PARTS | 1 year |
| OPTIONAL ACCESSORIES | |
| VERY FIRM SCRUB BRUSH (2 REQ.) | K4762249 |
